### **NEW BUSINESS**

Fire Marshal Marc Robinson talked about chapter 46 of the 2009 IFC which talks about requirements for existing buildings. This was previously detailed in the last work session on 5/13/15. Since then Marc has reached out to the Estes Area Lodging Association to inform establishments that may be affected by this code adoption that is enforceable starting January 1<sup>st</sup>, 2016. Marc was contacted by 3 businesses who wanted inspections done to see if they were compliant as a direct result of this letter.

It was stressed that this is for commercial occupancies who meet the requirements (one of which is to have 20 sleeping units in one building) and will not affect single family homes. This will most likely affect a hand full of establishments. The Board stressed the importance of public outreach and education to these establishments affected. Presently mailers, public meetings, and education at inspections have taken place in an effort to educate business owners. Marc will continue to make public outreach a priority over the next several months.

The next board meeting is scheduled for July 22nd, 2015 at 6:00p.m. at Dannels Fire Station. Meeting adjourned at 6:46pm
